Professional Summary

Full-stack MERN developer with extensive experience in building responsive, high-performance web applications. Skilled in React.js, Node.js, Express.js, MongoDB, Redux Toolkit, and TailwindCSS. Strong understanding of OOP, data structures, and scalable architecture. Passionate about optimizing user experiences and implementing secure, maintainable code.

Technical Skills

- HTML5 & CSS3
- JavaScript (ES6+)
- React.js & Hooks
- Redux Toolkit & Context API
- Node.js & Express.js
- MongoDB & Mongoose
- RESTful APIs & JWT Auth
- TailwindCSS & Responsive Design
- Git/GitHub & Agile Workflow
- Deployment (Vercel, Netlify, Heroku)
- Unit Testing & Debugging
- Data Structures & OOP

Key Projects

FinancyBuddy
MERN Stack – JWT – React Query – TailwindCSS
– Engineered a full-stack personal finance app using **MERN stack**, enabling users to track income, expenses, and savings.
– Implemented **JWT authentication** and role-based authorization for secure user access.
– Optimized performance with **React Query** for efficient data fetching, caching, and state synchronization.
– Designed and implemented responsive UI with **TailwindCSS**, improving cross-device user experience.
– View Project

Portfolio Website
HTML – CSS – JavaScript
– Developed a responsive portfolio website to showcase projects and skills with clean UI/UX.
– Implemented interactive components and optimized load time for mobile-first experience.
– View Project

React Fast Pizza
React – Redux Toolkit – TailwindCSS
– Built a dynamic pizza ordering app with client-side routing using React Router.
– Managed global state using **Redux Toolkit** to streamline cart and order workflows.
– Improved user experience with responsive design and interactive order tracking.
– View Project

React Quiz App
ReactJS – Context API – Timer
– Developed interactive quiz app with scoring, countdown timer, and high-score tracking.
– Used **Context API and useReducer** for predictable state management.
– Enhanced UX with restart functionality and smooth UI transitions.
– View Project

Professional Experience

IIFA TECH — *Lahore, Pakistan* July 2025 – Present
MERN Stack Development Intern
– Contributed to full-stack development using **React.js**, **Node.js**, **Express.js**, and **MongoDB**.
– Developed reusable **UI components** and integrated RESTful APIs for dynamic features.
– Implemented **JWT authentication** workflows ensuring secure access and role-based permissions.
– Optimized database queries and schema for scalable, high-performance applications.
– Collaborated in an **Agile team**, performing code reviews, Git version control, and task tracking.

Certifications

1. MERN Stack Developer – Certified by NAVTTC and IIFA TECH 2025

Education

Riphah International University, Lahore Sept 2024 – Sept 2026
Associate Degree in Computer Science

Aspire Group of Colleges, Lahore July 2023 – Sept 2025
Intermediate in Computer Science
